

HOW EXPRESSIVE ARTS CAN INSPIRE YOUR STUDENTS

Quick Guide: | Incorporating Expressive Arts Into Experiential Learning and SHSM's

What is Expressive Arts?

A tool that promotes wellness through creativity using visual arts, writing, drama and movement. It's about the process, not the outcome, so artistic ability is not required, just a sense of playfulness.

Expressive Arts and SHSM's

As sector-specific training for:
Health & Wellness
Non-Profit
Arts & Culture

Expressive Arts and Experiential Learning

Curriculum Connections for PPLP
TPJ3M/C TPJ4E TOJ4C
HPW3C CIE3M AEA3O
AEA4O ATC3O GPP3O

Student Placements:
Retirement & Long-Term Care
Educational Facilities
Social Services & Public Health
Community Outreach Programs

There are no rules... just creativity

Expressive Arts can be incorporated across the curriculum. While encouraging creativity and exploration students can develop a healthy self-esteem and strong leadership skills.

Other applications for Expressive Arts in Cooperative Education

- Culminating Activity
- Co-op Journals
- Intergenerational Programs
